## YEAR 11 MOCKS

# Results

Year 11 students received their mock results last week, which provide a helpful snapshot of their progress. However, it's important to remember that these results do not guarantee the same outcomes in the summer exams. To secure the grades they want and need, it's essential to keep the momentum going with focused effort and dedication.

Many students achieved impressive results, with a strong showing of 7's, 8's, and 9's. We are excited to see continued hard work and look forward to celebrating even greater success in the summer!
