FRONT GATE

UPDATE FIRST AID

MOBILE
PHONE
RULES STILL
APPLY

First Aid has permanently moved to B14

Our First Aid room is open between 11am and 2pm. Should you feel unwell or injure yourself during (or between) lessons, you must tell your teacher in the first instance and a member of the on call team will visit you. Please be aware that if you bring yourself to First Aid during or between lessons, you will be sent class to await on call for assessment.

As before, you can visit us during break or lunch but as previously stated, a 1 in / 1 out policy will be in place to ensure that we can see people as quickly as possible in a quiet and safe environment.

First aiders are on hand for emergencies outside of these hours. **Please note that pain relief can only be administered after 12pm**

DATES FOR YOUR DIARY

WED 22 JAN - YR 9 CONSULTATION EVENING - 1:35pm FINISH
MON 27 JAN - INSET DAY
WED 29 JAN - YR 9 OPTIONS EVENING - 1:35pm FINISH
MON 17 - FRI 21 FEB - HALF TERM

Year 9

OPTIONS EVENING

Wednesday
29
JANUARY
5-7
PM

WHAT ARE MY OPTIONS?

On Wednesday 29th January, we will be hosting an Options Information Evening in school. This evening is compulsory and gives the opportunity to ask any further specific questions that you would like answered by specialist teachers and subject leaders.

Choices are then made online via a platform called Applicaa which will be sent directly to each student's school email address. This will be open from Thursday 30th January until Wednesday 5th February 2025.

LOST PROPERTY

If your item is named, it will likely make its way back to you so be sure to check with your Tutor in the first instance. In addition you can always check with your Head of Year, the PE office or return to the classroom that you last remember having your item in case it's been left there.

Failing all of that, come to Reception during break or lunch to see if it's been handed in.

PLEASE HAND
ANY FOUND
ITEMS IN TO
RECEPTION

Thank You

20th January

CAREER OF THE WEEK

Radiographers take scans of patients to diagnose and treat illnesses and injuries.

You can get into this job through:

- a University course
- an Apprenticeship

Day to day tasks

As a diagnostic radiographer, you could:

- interpret images of the body to diagnose injury and disease
- screen for abnormalities
- take part in surgical procedures like biopsies

Career Progression

With experience, you could become a sonography specialist, radiography team leader or consultant practitioner.

You could also take further qualifications to specialise in:

- counselling and palliative care
- the use of certain techniques or equipment
- working with specific groups of patients
- research and teaching

Radiographer

UNIVERSITY

You'll need to do a degree or postgraduate qualification approved by the Health and Care Professions Council to become a radiographer. Your choice of degree course will depend on whether you want to work in diagnostic or therapeutic radiography.

You may be able to take a fast-track postgraduate qualification over 2 years if you're a health professional or have a relevant degree.

Extra student financial support may be available through the NHS Learning Support Fund.

If you would like more information contact Mr Bowles (gbowles@theangmeringschool.co.uk)
