Welcome
TO
2025

HAPPY NEW YEAR

Welcome back!

We hope you've had a fantastic break and we look forward to sharing all of the exciting things to come in 2025!

WE'RE MOVING!

Please note that we are temporarily moving the First Aid room to B14 (next door to Student Admin). We will keep you updated with when we are moving back.

Our medical room is open between 11am and 2pm. Should you feel unwell or injure yourself during (or between) lessons, you should tell your teacher in the first instance, and a member of the on call team will bring you down. You can visit First Aid during break or lunch but please be aware that we operate a 1 in / 1 out policy during these busy times to ensure that each person is able to be given our full care in a safe and quiet area. We will try to get to you as quickly as possible but there may be times when emergencies have to take priority.

First aiders are on hand for emergencies outside of these hours.

Please note that pain relief can only be administered after 12pm

YEAR 11 WALKING TALKING MOCKS

The Science team would like to inform you that Walking Talking mocks will now take place on Thursdays (instead of Mondays as they have done previously)

Dates are as follows:

Thursday 23rd January

Thursday 13th March

CAREER OF THE WEEK

Vets diagnose and treat sick or injured animals.

You can get into this job through:

- a University course

Volunteering

You'll need to get experience of working in a veterinary practice, plus experience of handling different animals from small domestic pets to larger livestock. You could also volunteer with a local kennel or animal welfare centre, or with animal charities like the [PDSA](#) or [RSPCA](#).

Career Progression

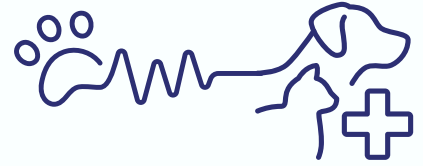

- You could focus on treating particular animals, or specialise in areas such as dermatology or cardiology, by taking RCVS-approved postgraduate courses.
- Experience in veterinary surgery could also help you to get a job in environmental conservation.
- You could also move into a career in research and teaching with a university or research body.

Day to day tasks

In general veterinary practice you could:

- diagnose and treat sick and injured animals
- perform operations
- carry out blood analyses, X-rays and scans
- provide care for animals in veterinary hospitals
- carry out regular health checks and give vaccinations
- check farm animals and advise on how to stop diseases spreading
- supervise veterinary nurses and support staff
- keep records of treatments
- communicate with pet owners and insurers
- neuter animals to stop them breeding
- put severely injured or terminally ill animals to sleep
- follow public health and hygiene law

Vet

University

You'll need to complete a veterinary degree approved by the Royal College of Veterinary Surgeons (RCVS).

Full-time veterinary degrees usually take 5 to 6 years.

You'll usually need:

5 GCSEs at grades 9 to 4 (A* to C), or equivalent, including English, maths and science

3 A levels, or equivalent, including biology and chemistry

DID YOU KNOW?

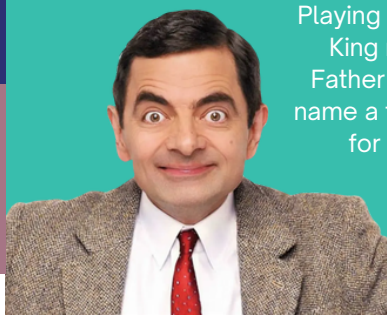

Rowan Atkinson has an IQ of 178
Whilst he never took a test, Albert Einstein reportedly had an IQ of 160

British actor Rowan Atkinson was born

With over 50 acting credits to his name, Rowan Atkinson is one of the most successful (and funniest) British actors of all time!

Playing the voice of Zazu in the original Lion King movie in 1994 and more recently, Father Julius in the 2023 Wonka movie to name a few, Rowan is most famously known for playing absolute icon 'Mr Bean'

Well done to everyone who entered the Library competitions and congratulations to our winners: Ella Sadler Year 9 and Ryan Booth Year 7

Ella designed a beautiful snowman to look like Winnie the Pooh and Ryan wrote a brilliant story about Doctor Who protecting Mary and Joseph from Herod's soldiers as they travelled to Bethlehem.

Congratulations to Oscar Woodward, Year 11, who has won our annual Spellathon competition.

Oscar's name now joins those of our previous winners on the shield kept in the cabinet outside the Library.
