Career of the Week - Care Worker

You can become a Care Worker through either a college course, an apprenticeship, volunteering or applying directly. A college course may help you when you look for work. You could take a: Level 1 Certificate in Health and Social Care, Level 2 Diploma in Care or a T Level in Health.

Your daily tasks will depend on the needs of the person you're caring for. If you're helping someone who needs support to live at home on their own, you'll: help with washing and dressing, make food or help with eating, get to know their interests and needs, do household jobs, like washing clothes and shopping, monitor their weight and record any concerns they have, check they're taking their prescribed medications and support their physical and mental wellbeing through activities.

While employed as a care worker you can develop your skills by training in specific areas, like autism awareness, communication skills or supporting people with dementia.

With experience, you can become a lead care worker. You can also move into more senior jobs, like managing people or services, if you get further qualifications.

If you would like more information contact Mr Bowles (gbowles@theangmeringschool.co.uk)
