

Friday 27th
September

Dear parents/carers and students,

On Wednesday evening we opened up the school to Year 5 or Year 6 children and their families during our annual Open Evening. The atmosphere was fantastic and our visitors were treated to some joyful insights into the world of secondary school. The event was supported by all of our staff and around 250 students who voluntarily gave their time and energy to support the event.

Visitors were bowled over by the confidence, friendliness and pride which all of our students showed as they toured around the school. Huge thanks go out to all of the students involved and to their parents/carers for allowing them to support this superb event. Special thanks also go to Mrs Lasham and her team for organising the tours for our 850 visitors!

We are looking forward to welcoming more people on our Open Morning tours which run on Tuesday, Wednesday and Thursday next week. If you have friends who may be interested please direct them to the school website for details.

'My Child At School (MCAS) App - your window into your child's school day

As many of you will already know we are now using BromCom in school to log every student's attendance, rewards and sanctions. If you have not already done so please ensure that you have the MCAS app installed on your phone/tablet/PC so that you can stay informed about how your child is doing in school. If you are not already set up and using the system please click here to [visit the school website](#) for further information and guidance.

We are now communicating all of the homework on the MCAS platform, this allows you to see what has been set for your child so that you can monitor their work at home. The completion of homework is tracked by the class teacher and they will add a 'C1' (consequence) to the MCAS system if any homework is not completed. Please do not worry if MCAS states that homework is '**not handed in**' as we are not using the MCAS system to track completion. If your child does not receive a 'C1' sanction you can assume that they are completing their homework to the required standard.

If you have any feedback on the new system we would be grateful to receive it through the usual email channels. Many thanks for your support.

Have you considered becoming a Cover Supervisor?

We are currently looking for new Cover Supervisors to join our excellent team in school. The role of a Cover Supervisor is to organise and monitor the learning of students whose teacher is absent from work (normally due to illness or training). All of the work is provided by the teacher, along with any instructions for what the students should be completing and where any additional resources can be found. The Cover Supervisors uphold the same behaviour routines as teaching staff (lining students up for lessons, sitting them in designated seats, ensuring uniform is up to standard etc.) and can issue both rewards and sanctions as appropriate. No specialist subject knowledge is required and full training and induction are provided.

The role is term time only and can be offered on a part-time basis for suitable candidates. If you are interested in learning more or applying for the role please contact Cathy Wilson, Operations Manager or Helen McIntyre, HR Administrator, via recruitment@theangmeringschool.co.uk

Please drive and park considerately when dropping off or picking up children

We have had a number of concerned residents contacting us since the start of term to ask that we remind parents/carers about the need to drive and park considerately when dropping off and picking up children. In particular we would ask that you avoid blocking driveways, which may prevent residents from entering or leaving their homes. Many thanks for your consideration.

Art just gets everywhere!

The staff and students in the Lavinia Norfolk Centre were delighted this week to welcome visiting artists who are continuing our excellent community based art development program through Artsworks. This relationship is part of our school wide promotion of the creative and performing arts and is one of the reasons why we are an 'Artsmark Gold' school. The artists worked with students throughout the day and they collectively created this beautiful art installation which adorns the outside wall of our reception area. It certainly brightened up my morning as I made my way in to work! Thanks to all of the staff and students involved in this superb project.

Thanks for your continued support,

Simon Liley, Headteacher

Student and Community News

Year 9 Assembly

Year 9 students from The Angmering School had the pleasure on Monday of welcoming Lovelocaljobs, Jack the Lad of Heart FM and More Radio fame, Adam Virgo ex Captain of Brighton and Hove Albion and mentors from Legal and General into School. Five employees from Legal and General (who are sponsoring the journey) mentored a group of our Year 9 students while Jack met with all of the Year 9s during an assembly.

Jack's presentation explained to students about their The Dare to Dream Journey, an experience which will continue over the next 2 months. This inspirational programme challenges students in the way they think about themselves, their aspirations for their next steps and their place in the world. The programme aims to provide students with the experience and tools to help them fulfil their potential. Using themes of self awareness, mindset, gratitude, resilience, teamwork and employability skills Jack, Adam and all of the mentors will be using their own life experiences and extensive knowledge to drive and motivate all of our Year 9 students.

We would like to thank Jack, Adam and all of the mentors from Legal and General for handing our Year 9s this experience and we look forward to seeing them again in October.

Student Bulletin

Every Monday we send the students a newsletter which includes important weekly events and notices, sports clubs, and celebrates their achievements. Please click here to see this weeks Bulletin.
