Dear Parents / Guardians

D&T MATERIALS - Years 10 & 11

In KS4 D&T lessons, your child will produce a range of exciting projects using sketchbooks, a variety of modelling materials, as well as specialist equipment.

Unfortunately we need to ask you for £25.50 (this includes the parent pay fee) to help us cover some of the costs required to enable students to access such a high quality KS4 curriculum. This is a one off payment that covers both years. If your child is taking 2 DT subjects you will only pay one amount.

In return your child will be able to keep the products they have made in **Years 10 & 11**.

The school cannot bear the cost of the materials needed without reducing its ability to provide other items which are essential for its curricular needs. If you are unable to contribute the full amount, please contact me in confidence, in writing, by Friday 7 October 2022.

Please make payment through Parent Pay for £25.50. Should you require any assistance with the Parent Pay system please contact the Finance department at our school on finance@theangmeringschool.co.uk

Please may we have your payment by Friday 21 October 2022.

Yours sincerely,

Mrs C Brixey
Subject Leader, Design & Technology
