"The best things about Angmering are all the opportunities there are to succeed and have experiences that are amazing! ." Evie in Year 8

The Angmering School is a totally cashless school. We use a cashless system called [ParentPay®](#) to use the canteen and to pay for trips, events and equipment purchases.

ParentPay offers you the freedom to make payments online using your credit or debit card whenever and wherever you like, safe in the knowledge that the technology used is the highest internet security available. You will have a secure online account, which can be accessed with a unique user ID and password. You can change these to something you will easily remember. ParentPay enables you to view all items available to each of your children along with relevant costs and details.

Making a payment is easy, you simply select the item to pay and follow the instructions to complete your payment. ParentPay holds an electronic record of your payments to view at a later date should you wish. No card details are stored in any part of the system. There is a daily 'spend limit' programmed into the canteen system of £5.00 and a minimum top up value of £5.00. On request, an individual daily limit of your choice can be set, to include a school dinner and break time snacks. Please note that credit will not be available.

#### Free School Meals

If your child receives free school meals then this is placed as a credit on the system for students to receive automatically.

"The best thing about Angmering is the students and staff, and the amount support in class ." Katie in Year 8
